DETAILED ACTION

1. Acknowledgment is made of the amendment filed on 14 December 2006.

Response to Arguments

2. Applicant's arguments, see pages 7 and 8 of the amendment with respect to the limitation, "a lift system interposed between the base and the upper frame for moving the wheeled base relative to the platform between a transport position and a freestanding position" found in claims 1 and 22 have been fully considered and are persuasive. The 35 U.S.C. 103 of the claims has been withdrawn.
3. In regards to applicant's argument that claims 33-41 were not examined. The claims were not examined because in applicant's response to the restriction requirement filed 14 April 2006, applicant identified claims 1 and 22 as reading on the elected species. However, in this Office Action, the examiner has examined and determined that independent claim 33 reads on the elected species.

Allowable Subject Matter

Claims 1, 22, and 33-41 allowed.
